Om Tallinn

Tallinn er en meget vakker middelalderby som kjennetegnes av sin flotte og intime gamleby full av smale, trange gater, stor bymur, spennende spisesteder og kafeer og et yrende folkeliv. Atmosfæren i Tallinn er unik og man kan virkelig kose seg med vakker arkitektur i symfoni med en rekke kulturelle tilbud. I tillegg er Tallinn blitt "verdenskjent" for sine flotte spa-anlegg og mangfoldige muligheter for å "koble av" i historiske omgivelser.

Kalev SPA hotel 4****

Kalev Spa er det spahotellet som ligger nærmest en gammelbyen. Hotellet ligger vegg i vegg med bymuren som majestetisk strekker seg rundt gamlebyen og fra mange av rommene ser man inn i denne. Kalev Spa har 105 rom, samt en stor behandlingsavdeling. I tillegg har Kalev Spa Tallinns største svømmehall hvor man også finner et lite vannland og flere sauna og boblebad (gratis inngang for hotellets gjester).
